

ANSCOMB FAMILY - New England Missions – July 2017

Wow, what a summer this has been! May 31st, we kicked off YWAM Upper Valley's first EVER worship & intercession summer program, where we, and our students dove head first into three weeks of training on understanding biblical worship, and intimacy with God, and then on June 22nd we hit the road for our 40 Day worship and intercession tour of the New England states called the "Kingdom Come Worship Tour".

"What does that look like?",
You would like to know? Well, It looks like the body of Christ praying for one another, and people being set free, and physically healed. It looks like hotel staff crying over a thank you card & blessings that have been given in the name of Jesus...

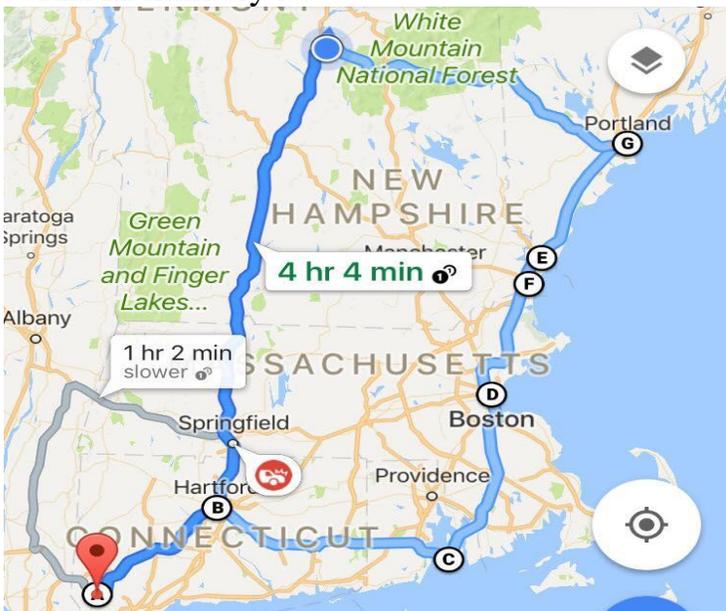

If you haven't been keeping up with our updates on-line, allow me to fill you in! Our heart is to welcome God's presence through worship. Where the spirit of the Lord is, there is freedom. And through intercession we partner with Him to see His Kingdom come in New England.

It looks like people walking into a bar to get drunk, but instead walking out filled with hope because the truth was offered and the presence of God was welcomed. It looks like a lonely old lady being engaged in conversation for over an hour, and walking away with a new friend.

It looks like a meal shared with someone who doesn't have a home. It looks like different churches & denominations loving each other, and lending a hand to clean the others sanctuary. It looks like a family making each other a priority instead of packing their schedule too full of "Ministry stuff" because they understand what their REAL ministry is.

It looks like strangers joining together and lifting high the name of Jesus at a bar in the middle of the night. It looks like children gathered around a guy with a guitar using his gift in worship.

You guys...It looks like JESUS.

Thank you so much to everyone who has so generously given of their time & finances to see New England impacted for Jesus. ♡ If you would like to sow into what God is doing through our family...
